

1. IDENTIFICATION

1.1 GHS Product Identifier:	Cornbelt [®] Premier 90™
1.2 Alternate Name(s):	None
<u>1.3 Recommended Use/Restrictions:</u> Chemical Class: <u>Active Ingredient:</u>	
1.4 Supplier's Details:	Van Diest Supply Company 1434 220 th St. Post Office Box 610 Webster City, Iowa 50595
1.5 Emergency Phone Number:	FOR CHEMICAL EMERGENCY, SPILL, LEAK, FIRE, EXPOSURE, OR ACCIDENT CALL CHEMTREC - DAY OR NIGHT 1-800-424-9300

2. HAZARD IDENTIFICATION

2.1	Hazard	Classification:

<u>Class</u> Serious eye damage/eye irritation Skin corrosion/irritation 2A 2

2.2 GHS Label Elements and Precautionary Statements:

Warning

Hazards:

H319 Causes serious eye irritation. H315 Causes skin irritation.

Prevention:

P264 Wash hands and other potentially contaminated body parts thoroughly after handling. P280 Wear eye protection and protective gloves.

Response:

P302+P352 If on skin: Wash with plenty of soap and water.

P332+P313 If skin irritation occurs: Get medical advice.

P362+P364 Take off contaminated clothing and wash it before reuse.

P305+P351+P338 **If in eyes:** Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing.

P337+P313 If eye irritation persists: Get medical advice.

2.3 Unclassified Hazards: None

3. COMPOSITION/INFORMATION ON INGREDIENTS

Material	Common Name/ Synonyms	CAS #	% in Formulation
A proprietary nonionic surfactant blend	N/A	N/A	100%

This Safety Data Sheet is not a guarantee of product specification. Specific ingredient content may be found on the product label.

4. FIRST AID MEASURES

4.1 General First Aid Recommend	Eye Contact:	Hold eye open and rinse slowly and gently with clean water. Remove contact lenses after 5 minutes, if present, then continue rinsing eye. Seek medical advice as appropriate.
ations are as follows:	Skin Contact:	Remove contaminated clothing and clean skin thoroughly with soap and water. Wash contaminated clothing before reuse.
	Ingestion:	Call a poison control center, physician, or hospital immediately for treatment advice as appropriate. Identify the name of the product, the type and amount of exposure, and symptoms the patient is experiencing. Do not induce vomiting unless told to do so by a poison control center, physician, or hospital. Do not give anything by mouth to an unconscious person.
	Inhalation:	Remove to fresh air. If person is not breathing, call 911 or an ambulance, and then give artificial respiration if possible.
4.2 Most Impo Symptoms/Eff and delayed):		Overexposure by contact may cause severe irritation to skin and eyes.
4.3 Indication Immediate Me Attention:		If poisoning is suspected, or any symptoms are serious, immediately contact the poison control center, physician, or nearest hospital for instructions. Inform the contact of the name of the product, the type and amount of exposure, and symptoms the patient is experiencing. Seek medical advice if severe or persistent eye or skin irritation occurs.

5. FIRE FIGHTING MEASURES

5.1 Suitable Extinguishing Media:	Use any Class B fire extinguisher such as a multi-purpose dry chemical, CO ₂ , or foam extinguisher to extinguish a small fire in accordance with your company's established expectations.
Unsuitable Extinguishing Media:	Class A-only fire extinguishers, such as water based extinguishers, are not ideal for small fires on this material.
5.2 Specific Hazards Arising from the Chemical:	No specific hazardous decomposition products have been identified. It is recommended to presume that during a fire irritating and possibly toxic gases may be generated by partial thermal decomposition or combustion, including oxides of carbon, nitrogen, and sulfur, as well as smoke and fume.
5.3 Special Protective Actions for Fire Fighters:	To fight larger fires, use full protective clothing and self-contained breathing apparatus. Evacuate nonessential personnel from area to prevent exposure to fire, smoke, fumes, or products of combustion. Dike and collect water runoff.

6. ACCIDENTAL RELEASE MEASURES

6.1 Personal Precautions, Protective Equipment, and Emergency Procedures:	Using appropriate personal protective equipment specified in Section 8 – Personal Protective Equipment, absorb any spilled material and place in a container for disposal. Disposal methods should be consistent with information in Section 13 – Disposal Considerations.
6.2 Environmental Precautions:	Keep spill away from drains, sewers, and bodies of water.
6.3 Methods and Material for Containment and Cleanup:	Using safe handling precautions established elsewhere in this material safety data sheet, attempt to control the spill at its source if safe to do so. Control the release of material to prevent contamination of soil or bodies of water. Cover spilled liquid material with a suitable oleophilic absorbent and collect in a suitable container for disposal. Sweep up any spilled dry or dried material or absorbent and collect for disposal. Clean area with detergent, absorb wash water with absorbents, and collect in a suitable container for disposal.

7. HANDLING AND STORAGE

7.1 Precautions for Safe Handling:	Follow personal protective equipment recommendations as shown in Section 8 – Exposure Control/Personal Protection when handling this material, adjusted for specific handling methods and conditions, to prevent contact with this material. Wash thoroughly with soap and water after handling this material. Do not allow eating, drinking, tobacco use, and cosmetic application in areas where there is a potential for exposure to this material. Follow label instructions carefully.
7.2 Conditions for Safe Storage:	Store this product in a well-ventilated area, in the original container. Secure material from access by children or domestic animals. Do not store this product near food, beverages, or tobacco products. Do not store with incompatible materials. Refer to Section 10- Stability And Reactivity, for incompatible materials.

8. EXPOSURE CONTROL/PERSONAL PROTECTION

8.1 Occupational Exposure Limits:

Madazial		OSHA PEL		Carcinogen		
Material	CAS #		ACGIH TLV	NTP	IARC	OSHA
A proprietary nonionic surfactant blend	NA	NA	NA	No	No	No

8.2 Engineering Controls:

Maintain air concentrations below occupational exposure standards using ventilation techniques as necessary.

<u>8.3 Personal Protective Equipment</u>: The following recommendations are suitable for small, incidental contact with this material. Recommendations for commercial or on-farm application of this chemical may be found on the container label.

	······································
Eye Contact:	
	container, wear chemical splash goggles.
Skin	Where skin contact is possible wear a suitable barrier such as chemical resistant gloves and chemical
Contact:	apron. Preferred glove materials include: butyl rubber, nitrile, polyethylene, and PVC.
Ingestion:	Do not allow eating, drinking, tobacco use, and cosmetic application in areas where there is a potential for exposure to this material.
Inhalation:	A respirator is not normally needed for the incidental handling of this product. For spills or other
	situations that may generate elevated levels of vapor or dust use a suitable NIOSH certified respirator.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance:	Clear amber liquid	Upper/Lower Explosive Limit:	ND
Odor:	Fatty	Vapor Pressure:	ND
Odor Threshold:	ND	Vapor Density:	>1
pH:	5-7	Relative Density:	1.02
Melting Point:	ND	Solubility:	Dispersible
Boiling Point:	ND	Partition Coefficient (n-	ND
-		Octanol/Water):	
Flash Point:	>200°F (Tag CC)	Auto-ignition Temperature:	ND
Evaporation Rate:	ND	Decomposition Temperature:	ND
Flammability:	Combustible	Viscosity:	ND

ND=No Data; NA=Not Applicable

10. STABILITY AND REACTIVITY

10.1 Reactivity:	Non-reactive under normal conditions.
10.2 Chemical Stability:	Stable under normal conditions.
10.3 Possibility of Hazardous Reactions:	Hazardous reactions are not anticipated.
10.4 Conditions to Avoid:	Contact with incompatible materials, extreme heat, or open flames.
10.5 Incompatible Materials:	Strong oxidizers, strong acids, strong bases
10.6 Hazardous Decomposition Products:	Thermal decomposition produces oxides of carbon and nitrogen

11. TOXICOLOGICAL INFORMATION

11.1 Likely Routes of Exposure:	Overexposure may occur by inhalation, ingestion, and absorption.
11.2 Skin Corrosion/Irritation:	This material is anticipated to be severely irritating to the skin.
<u>11.3 Serious Eye</u> Damage/Irritation:	This material is anticipated to be severely irritating to the eyes.
<u>11.4 Respiratory or Skin</u> <u>Sensitization:</u>	This material is not suspected of being a sensitizer.
11.5 Germ Cell Mutagenicity:	This material is not suspected of being mutagenic.
11.6 Carcinogenicity:	This material is not suspected of being a carcinogen.

Material	Carcinogen		
	NTP	IARC	OSHA
A proprietary nonionic surfactant blend	No	No	No

conditions.

11.7 Reproductive Toxicity:

This material is not suspected of being a teratogen.

11.8 STOT-Single Exposure:

Overexposure by vapor inhalation is unlikely under normal handling

11.9STOT-Long Term Exposure:

re: This material is not linked to long-term exposure effects.

11.10 Aspiration Hazard:

This product does not meet the definition of an aspiration hazard.

11.11 Acute Toxicology:

Ingestion:	Oral LD ₅₀	>5,000 mg/kg
Skin Contact:	Dermal LD ₅₀	>5,000 mg/kg
Inhalation:	Inhalation LC ₅₀ (dust/mist)	ND

12. ECOLOGICAL INFORMATION

<u>12.1 Ecotoxicity:</u>	As a whole this product is not determined to be toxic to the aquatic environment. Although, it contains a small concentration of material determined to be moderately toxic to the aquatic environment.
<u>12.2 Persistence and</u> Degradability:	No data
12.3 Bioaccumulative Potential:	No data
12.4 Mobility in soil:	No data
12.5 Other Adverse Effects:	No data

13. DISPOSAL CONSIDERATIONS

Rinse containers thoroughly three times and use rinsate according to label instructions. Dispose of product containers, waste containers, and residues according to local, state, and federal regulations. All recovered materials must be packaged, labeled, transported, and disposed or reclaimed in conformance with applicable laws and in conformance with good engineering practices.

14. TRANSPORT INFORMATION

14.1 DOT/UN ID Number:	NA
14.2 DOT/UN Proper Shipping Name:	NA
14.3 Transport Hazard Classes:	NA
14.4 Packing Group:	NA
14.5 Marine Pollutant:	No

15. REGULATORY INFORMATION

15.1 EPCRA SARA Title III Classifications:

Section 311/312 Hazard Classes:	Fire	N
	Pressure	Ν
	Reactive	Ν
	Acute	Ν
	Chronic	Ν
Section 313 Chemicals:		None

None

15.2 CERCLA/SARA 302 Reportable Quantity:

16. OTHER INFORMATION

SDS Version: 9/14/2015
