2. HAZARDS IDENTIFICATION

# Classification

# **Regulatory Status**

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

| Corrosive to metals               | Category 1 |
|-----------------------------------|------------|
| Skin corrosion/irritation         | Category 1 |
| Serious eye damage/eye irritation | Category 1 |

# Hazards not otherwise classified (HNOC)

Not applicable

# Label elements

Signal word Danger

Product Name pPb-1 Acid Preservative Solution Revision Date 26-Jan-2024 Page 2/15

#### Hazard statements

H290 - May be corrosive to metals H314 - Causes severe skin burns and eye damage

#### **Precautionary statements**

P260 - Do not breathe dust/fume/gas/mist/vapors/spray

P280 - Wear protective gloves, protective clothing, eye protection, and face protection

P301 + P330 + P331 - IF SWALLOWED: rinse mouth. Do NOT induce vomiting

P303 + P361 + P353 - IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower P363 - Wash contaminated clothing before reuse

P304 + P340 - IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing

P405 - Store locked up

P501 - Dispose of contents/ container to an approved waste disposal plant

P305 + P351 + P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing

P310 - Immediately call a POISON CENTER or doctor/physician

P234 - Keep only in original container

P390 - Absorb spillage to prevent material damage

### Other Hazards Known

None

| Potassium nitrate | 7757-79-1 | <10%             | -       |

# **4. FIRST AID MEASURES**

#### Description of first aid measures

| General advice | Show this safety data sheet to the doctor in attendance. Immediate medical attention is required.  |
|----------------|--|
| Inhalation     | Remove to fresh air. If breathing has stopped, give artificial respiration. Get medical attention immediately. Do not use mouth-to-mouth method if victim ingested or inhaled the substance; give artificial respiration with the aid of a pocket mask equipped with a one-way valve or other proper respiratory medical device. If breathing is difficult, (trained personnel should) give oxygen. Delayed pulmonary edema may occur. Get immediate medical advice/attention. |
| Eye contact    | Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes.<br>Remove contact lenses, if present and easy to do. Continue rinsing. Keep eye wide open   |

|--|---|
|  | while rinsing. Do not rub affected area. Get immediate medical advice/attention.  |
| Skin contact   | Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. Get immediate medical advice/attention.   |
| Ingestion  | Clean mouth with water and drink afterwards plenty of water. Never give anything by mouth to an unconscious person. Do NOT induce vomiting. Get immediate medical advice/attention.   |
| Self-protection of the first aider   | Avoid contact with skin, eyes or clothing. Ensure that medical personnel are aware of the material(s) involved, take precautions to protect themselves and prevent spread of contamination. Avoid direct contact with skin. Use barrier to give mouth-to-mouth resuscitation.   |
| Most important symptoms and effe   | cts, both acute and delayed   |
| Symptoms   | Burning sensation.  |
| Indication of any immediate medica   | al attention and special treatment needed   |
| Note to physicians   | Product is a corrosive material. Use of gastric lavage or emesis is contraindicated.<br>Possible perforation of stomach or esophagus should be investigated. Do not give<br>chemical antidotes. Asphyxia from glottal edema may occur. Marked decrease in blood<br>pressure may occur with moist rales, frothy sputum, and high pulse pressure.   |

ACCIDENTAL RELEASE MEASURES</b><br>Only persons properly qualified to respond to an emergency involving hazardous substances may respond to a spill according to federal regulations (OSHA 29 CFR 1910.120(a)(v)) and per your company's emergency response plan and guidelines/procedures. See Section 13, Special Instructions for disposal assistance. Outside of the US, only persons properly qualified according to state or local regulations should |

Refer to protective measures listed in Sections 7 and 8.

Other Information

Environmental precautions

| Product Code(s) 2368531<br>Issue Date 04-Mar-2021<br>Version 4.3 | <b>Product Name</b> pPb-1 Acid Preservative Solution<br><b>Revision Date</b> 26-Jan-2024<br><b>Page</b> 4 / 15  |
|--|---|
| Environmental precautions  | Prevent further leakage or spillage if safe to do so. Should not be released into the environment. Do not allow to enter into soil/subsoil. Prevent product from entering drains. |
| Methods and material for contain                                 | ment and cleaning up  |
| Methods for containment  | Prevent further leakage or spillage if safe to do so.   |

| Methous for containment         | r revent futther leakage of spinage it sale to do so.  |
|---------------------------------|--|
| Methods for cleaning up         | Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust). Take up mechanically, placing in appropriate containers for disposal. |
| Prevention of secondary hazards | Clean contaminated objects and areas thoroughly observing environmental regulations.   |
| Reference to other sections     | See section 8 for more information. See section 13 for more information.   |

# 7. HANDLING AND STORAGE

| Precautions for safe handling        |  |
|--------------------------------------|--|
| Advice on safe handling              | Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes or clothing. In case of insufficient ventilation, wear suitable respiratory equipment. Handle product only in closed system or provide appropriate exhaust ventilation. Do not eat, drink or smoke when using this product. Take off contaminated clothing and wash before reuse. |
| Conditions for safe storage, includi | ng any incompatibilities   |
| Storage Conditions                   | Keep containers tightly closed in a dry, cool and well-ventilated place. Protect from moisture. Store locked up. Keep out of the reach of children. Store away from other materials.   |
| Flammability class                   | Not applicable   |

# 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

# Control parameters

# **Exposure Guidelines**

# Appropriate engineering controls Engineering Controls

Showers Eyewash stations Ventilation systems.

# Individual protection measures, such as personal protective equipment

| Respiratory protection | No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.  |  |  |  |
|------------------------|---|--|--|--|
| Hand Protection        | Wear suitable gloves. Impervious gloves. Gloves must be inspected prior to use. The selected protective gloves have to satisfy the specifications of EU Directive 2016/425 and the standard EN 374 derived from it. Chemical resistant gloves made of butyl rubber or |  |  |  |

| Product Code(s) 2368531<br>Issue Date 04-Mar-2021<br>Version 4.3 | <b>Product Name</b> pPb-1 Acid Preservative Solution<br><b>Revision Date</b> 26-Jan-2024<br><b>Page</b> 5 / 15  |  |  |
|--|---|--|--|
|  | nitrile rubber category III according to EN 374-1:2016.   |  |  |
| Eye/face protection  | Face protection shield.   |  |  |
| Skin and body protection   | Wear suitable protective clothing. Long sleeved clothing. Chemical resistant apron.   |  |  |
| General Hygiene Considerations                                   | Wear suitable gloves and eye/face protection. Do not eat, drink or smoke when using this product. Regular cleaning of equipment, work area and clothing is recommended. Avoid contact with skin, eyes or clothing. Remove and wash contaminated clothing and gloves, including the inside, before re-use. Contaminated work clothing should not be allowed out of the workplace. Wash hands before breaks and immediately after handling the product. |  |  |
| Environmental exposure controls                                  | Local authorities should be advised if significant spillages cannot be contained. Do not allow into any sewer, on the ground or into any body of water.   |  |  |
| Thermal hazards  | None under normal processing.   |  |  |

# **10. STABILITY AND REACTIVITY**

#### Reactivity

Corrosive on contact with water. Corrosive to metal.

#### Chemical stability

Stable under normal conditions.

#### **Explosion data**

# Sensitivity to Mechanical Impact None. Sensitivity to Static Discharge None.

#### Possibility of hazardous reactions

None under normal processing.

# Hazardous polymerization

None under normal processing.

#### Conditions to avoid

Exposure to air or moisture over prolonged periods.

# Incompatible materials

Oxidizing agent. Acids. Bases.

#### Hazardous decomposition products

Thermal decomposition can lead to release of irritating and toxic gases and vapors.

# **11. TOXICOLOGICAL INFORMATION**

# Information on likely routes of exposure

#### **Product Information**

| Inhalation   | Corrosive by inhalation. Inhalation of corrosive fumes/gases may cause coughing, choking, headache, dizziness, and weakness for several hours. Pulmonary edema may occur with tightness in the chest, shortness of breath, bluish skin, decreased blood pressure, and increased heart rate. Inhaled corrosive substances can lead to a toxic edema of the lungs. Pulmonary edema can be fatal.                                   |
|--------------|--|
| Eye contact  | Causes burns. Corrosive to the eyes and may cause severe damage including blindness.<br>Causes serious eye damage. May cause irreversible damage to eyes.  |
| Skin contact | Corrosive. Causes severe burns. Avoid contact with skin and clothing.  |
| Ingestion    | Causes burns. Ingestion causes burns of the upper digestive and respiratory tracts. May cause severe burning pain in the mouth and stomach with vomiting and diarrhea of dark blood. Blood pressure may decrease. Brownish or yellowish stains may be seen around the mouth. Swelling of the throat may cause shortness of breath and choking. May cause lung damage if swallowed. May be fatal if swallowed and enters airways. |
| Symptoms     | Redness. Burning. May cause blindness. Coughing and/ or wheezing.  |

#### Acute toxicity

Based on available data, the classification criteria are not met

#### Mixture

No data available.

# Ingredient Acute Toxicity Data

No data available.

| Chemical name                                  | Endpoint<br>type | Reported dose | Exposure<br>time | Toxicological effects | Key literature references and sources for data |
|--|------------------|---------------|------------------|-----------------------|--|
| Potassium nitrate<br>(<10%)<br>CAS#: 7757-79-1 | Rat<br>LD₅₀      | 3015 mg/kg    | None reported    | None reported         | IUCLID   |

#### **Unknown Acute Toxicity**

0% of the mixture consists of ingredient(s) of unknown toxicity.

#### Acute Toxicity Estimations (ATE)

#### The following values are calculated based on chapter 3.1 of the GHS document

| ATEmix (oral)                 | No information available mg/kg |
|-------------------------------|--------------------------------|
| ATEmix (dermal)               | No information available       |
| ATEmix (inhalation-dust/mist) | No information available       |
| ATEmix (inhalation-vapor)     | No information available       |
| ATEmix (inhalation-gas)       | No information available       |

#### Skin corrosion/irritation

Causes severe burns.

#### Mixture

No data available.

# Ingredient Skin Corrosion/Irritation Data

No data available.

| Chemical name                            | Test method                  | Species | Reported<br>dose | Exposure<br>time | Results           | Key literature<br>references and<br>sources for data |
|--|------------------------------|---------|------------------|------------------|-------------------|--|
| Nitric acid<br>(<10%)<br>CAS#: 7697-37-2 | Existing human<br>experience | Human   | None reported    | None reported    | Corrosive to skin | ERMA   |

#### Serious eye damage/irritation

Classification based on data available for ingredients. Causes burns. Risk of serious damage to eyes.

#### Mixture

No data available.

# Ingredient Eye Damage/Eye Irritation Data

No data available.

| Chemical name                            | Test method                  | Species | Reported<br>dose | Exposure<br>time | Results           | Key literature<br>references and<br>sources for data |
|--|------------------------------|---------|------------------|------------------|-------------------|--|
| Nitric acid<br>(<10%)<br>CAS#: 7697-37-2 | Existing human<br>experience | Human   | None reported    | None reported    | Corrosive to eyes | ERMA   |

# Respiratory or skin sensitization

Based on available data, the classification criteria are not met.

#### Mixture

No data available.

#### Ingredient Sensitization Data

No data available.

#### STOT - single exposure

Based on available data, the classification criteria are not met.

#### Mixture

No data available.

# Ingredient Specific Target Organ Toxicity Single Exposure Data

No data available.

| Chemical name     | Endpoint<br>type | Reported dose | Exposure<br>time | Toxicological effects       | Key literature references and<br>sources for data |
|-------------------|------------------|---------------|------------------|-----------------------------|---|

#### Additional information

There is a possibility that this product could be contained in a reagent set or kit composed of various compatible dangerous goods. If the item is not in a reagent set or kit, the classification given above applies.

If the item is part of a reagent set or kit the classification would change to the following:

UN3316 Chemical Kit, Hazard Class 9, Packing Group II or III.

If the item is not regulated, the Chemical Kit classification does not apply.

# CERCLA

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material

| Chemical name  | Hazardous Substances RQs | CERCLA/SARA RQ | Reportable Quantity (RQ) |  |  |

# US State Regulations

#### **California Proposition 65**

This product does not contain any Proposition 65 chemicals

#### U.S. State Right-to-Know Regulations

This product may contain substances regulated by state right-to-know regulations.
